Registering no. 7813/31.05.2013

To: S.C. ROMCARBON S.A.

Attention of: Mrs. Eng. Ileana Banucu, General Manager

Referred to: The evidence for holding the environmental authorization for developing the activity of recycling plastic materials waste

Dear Madame,

Following your address registered to EPA Buzau, no. 7795/30.05.2013, which, informing us of the intention to perform a transfer of plastics waste (code 19 12 04), you require a proof regarding possession of the environmental authorization for developing the activity of recovery of such waste products, we attested that, in accordance with the Environmental Authorization no. 51 of 14.03.2011, revised on 05.06.2012, being in revision procedure you are authorized to accomplish the activities for recovery / recycling of sorted plastics (NACE code 3832), including those resulting from mechanical treatment of waste, framed according to GD No. 856/2002 on code 19 12 04.

According to the classification stipulated in annex 3 of Law no. 211/2011 on waste regime, which transposes Directive 2008/98/EC of the European Parliament and of the Council on waste, recycling activity of plastic materials (PE, PP, PVC, PS, ABS) held by your company, is classified as R3 recovery operation (recycling / recovery of organic substances which are not used as solvents).

The present document was issued in accordance with the Government Decision no. 788/2007 **on establishing measures for application of European Parliament and Council Regulation (EC) no. 1013/2006 on transfer of waste, in order to obtain from National Environmental Protection Agency the notification document and the movement document referred** in Appendices no. IA and IB to Regulation.

Respectfully,

Executive Director,

Ionut Sorin Apost
